

SUSHI&FOODFACTOR®

REFERENCE LETTER

Sushi&Food Factor is one of the largest sushi factory in Europe and the largest in Poland. We have been operating since 2015, systematically expanding our portfolio with unique Asian dishes. Everything we do, we do with you in mind - a person who leads a fast lifestyle, but wants to eat well, tasty and without remorse.

We offer the highest quality products, confirmed by high assessments of auditors and international quality certificates. The BRC audit carried out in 2022 by Bureau Veritas Group received the highest possible score under the BRC Standard (AA +), while the IFS audit - a result of 98.26%, again proving that we offer our Consumers the highest quality products.

We try to be innovative and ecological company at every stage of production, so we also focus on modern technologies in disinfection process, starting at the beginning of 2021 cooperation with D-SAN Solutions (a company from the Icelandic ALVAR group), which installed an automatic disinfection system in our plant. A modern disinfection machine made by D-SAN uses fogging technology and the minimum amount of disinfectants. The system met our expectations and we continue our cooperation with D-SAN to this day.
